

Len Manchester Motorcycles are back!

Len Manchester Motorcycles, who sponsored Robbie for the duration of the 2006/7 season, are back to sponsor Robbie again for 2008!

After talks with Len Manchester Motorcycles, it has been agreed that they are to help Robbie for 2008 and into the foreseeable future. The motorcycle dealers, based in Melton Mowbray, helped Robbie in 2006 and 7, and after a short period where Robbie was riding a Kawasaki, they are back!

They will be helping Robbie in every way possible, supplying various parts to the bike and generally helping with Robbie's career.

"It's fantastic to have Neil and the guys back on board, we really missed them! Our relationship is stronger than ever and I really can't wait for the season to really start at Thruxton this coming weekend. Len Manchester Motorcycles have helped me endlessly in the past couple of years, and I will definitely be returning the favour in terms of advertising and free weekend passes to anywhere they like! Things are pulling together quite nicely since my change of machinery, roll on Thruxton!" commented an excited Robbie

All at Robbie Brown Racing would like to thank all at Len Manchester Motorcycles for their continued support, and we look forward to working well into the future with the great guys from Melton Mowbray!

If you find yourself passing by, please pop in, you will be greeted by such a professional bunch, not to mention, there are great deals to be had!
